

Getting to the Mazda London Triathlon

With the expansion of ExCeL pre London 2012, the whole of the East car park will be out of use, meaning all spectators and competitors will have to think a little more carefully about getting to the venue. A few ideas are listed here.

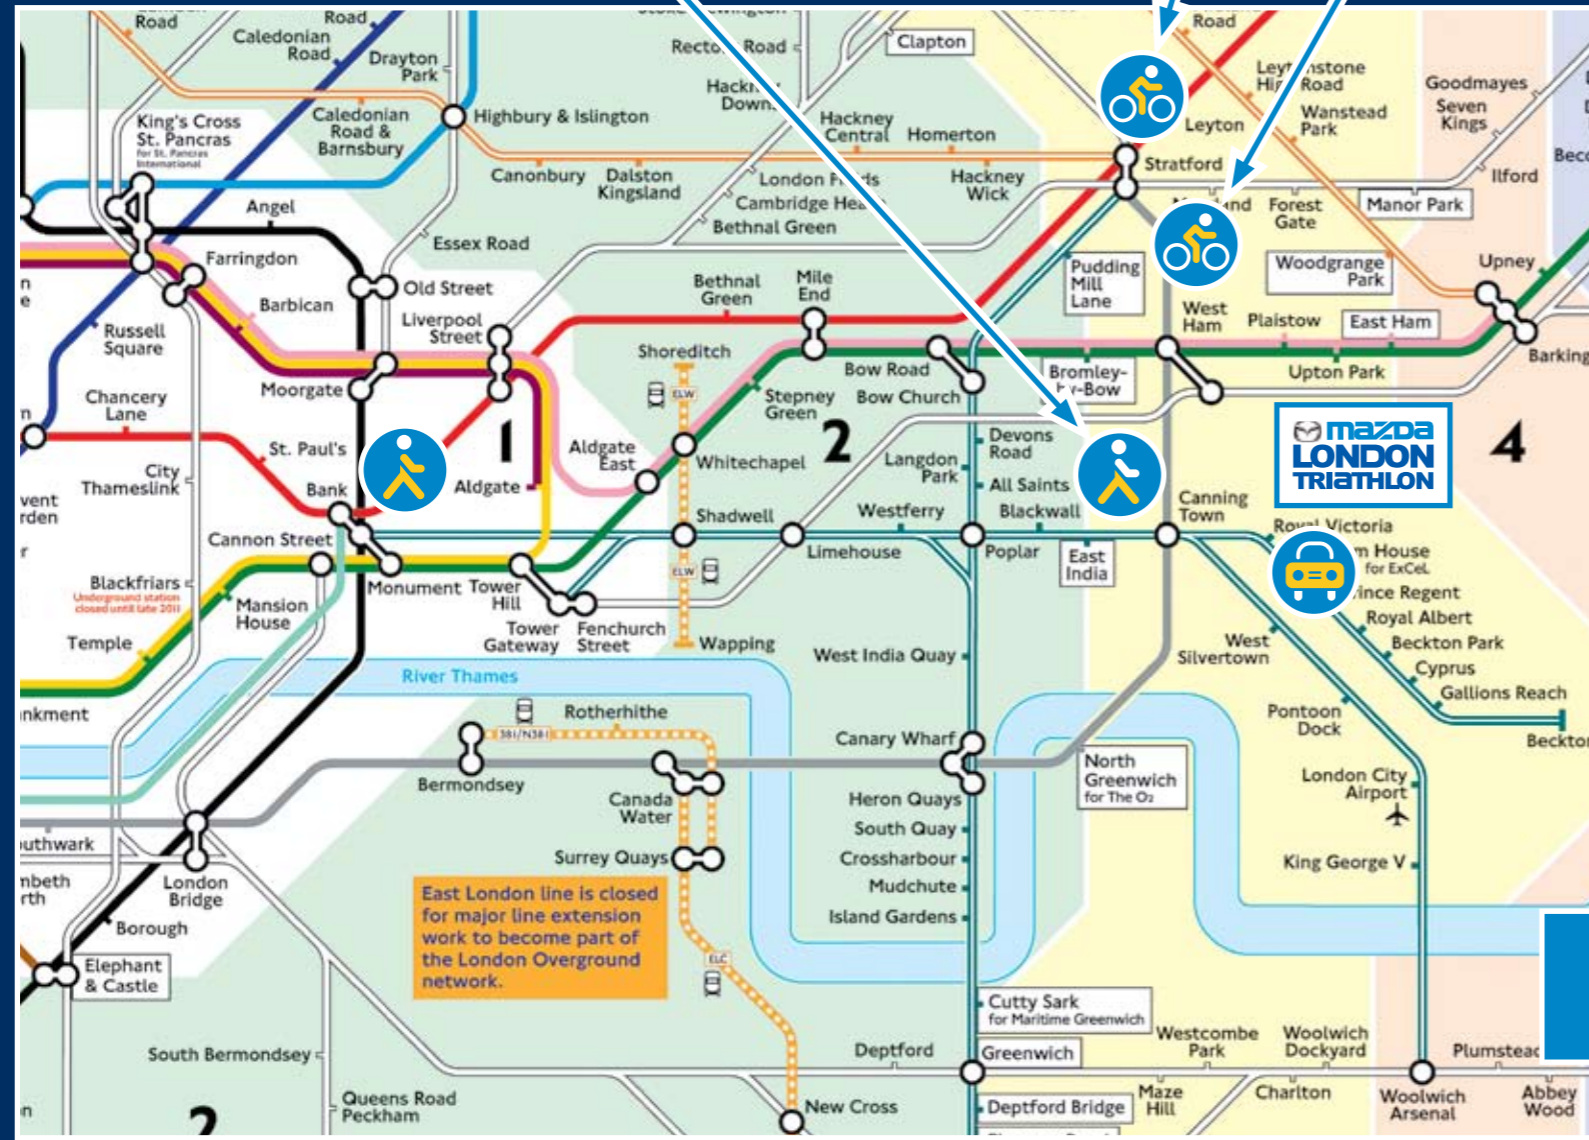

Please also refer to www.tfl.gov.uk for more information.

Spectators and Competitors arriving without bikes can use the tube, changing at Canning Town or Bank for the DLR to Custom House.

Competitors arriving with bikes, via public transport cannot use the tube. The nearest train stations are West Ham and Stratford.
An easy cycle to the venue can be to turn right, then right again.

Turning right under the bridge and then left alongside the course run following directions to ExCeL.

Competitors arriving by car will no longer be able to use the East car park due to ExCeL's extension works. The official car park is at Peruvian Wharf off Dock Road.

Competitors will need to walk along Dock Road following signage.
